- You **cannot remove** these sections
- You **cannot change their headings** — they will appear in **English only**
- If left empty, they will appear as **blank pages** in the final book
- We recommend writing at least a minimal note in each section to avoid blank pages

💡 These sections help standardize formatting across all published books.

1. Go to **Book Interior** section
2. Click “**Add**” to upload each poem individually
3. After each entry, click “**Save as Draft**” to preserve your work

Arranging Poems in Order

- The dashboard **does not support drag-and-drop** or rearrangement
- To change the order of poems, you will need to **delete all entries** and **re-upload** them in the desired sequence

We recommend planning the order of poems in advance before submitting.

Finalizing Your Poems – The Preview Step

Once you've completed your submission:

1. Click “**Preview and Finish**” — this generates a formatted preview of your book
2. It shows how your poems and details will appear in print

Preview Loading Tip:

Preview usually loads within a few minutes. If it takes longer than **5 minutes**, refresh the page and try again.

After reviewing:

- Click “**Save and Continue**” to proceed

-

Can I Edit My Poems After Preview?

📦 What Happens After I Submit My Final Draft?

Once you submit your final manuscript through the dashboard, your book moves into the **production queue**. From this point onward, the steps differ slightly based on whether or not you've opted for any **add-on services**.

Let's break it down:

📝 If You Have Not Opted for Any Add-On Services

(This is referred to as the **Limited Publishing** route)

Your book will be published in the following formats:

- 📖 **Paperback** – available on the BookLeaf Publishing Store
- 📱 **eBook** – available on the BookLeaf Publishing Store

The standard **publishing timeline** is:

- ⌚ **30 to 45 business days** from the date of your final submission

During this period:

- Your book's status in the dashboard will appear as **"In Review"**

- Our editorial and production team will work on:
 - File formatting and validation
 - ISBN assignment
 - Cover alignment and integration
 - Preparing distribution assets
- Once the publishing process is completed, the status will change to **“Published”**

 At that point, you will receive:

- An **email** with the purchase links for your book
- The same links will also be available on your **author dashboard**

You do **not** need to follow up during this phase. Rest assured, our team ensures everything is progressing smoothly in the background.

If You Have Opted for the Bestseller Breakthrough Package

With this premium add-on, the entire publication process is **fast-tracked**.

The publishing timeline in this case is:

-  **18 to 22 business days** from the date of your final submission

During this process:

- Your book status will still appear as **“In Review”** in the dashboard until publication is complete
- The internal steps (file validation, layout, listing, etc.) are prioritized in our queue

 Once your book is published, you will:

- Receive the **live purchase links** by email
- See the updated status as **“Published”** in your dashboard

We appreciate your patience and assure you that every part of the process is actively being handled by our editorial and production teams.

 Why is there a fee on the 21st Century Emily Dickinson Award?

The nominal fee of 4499 INR covers several important aspects of the awards process, including:

Administrative Costs: *The fee helps us manage the logistical aspects of the awards, from organizing the nomination process to ensuring the integrity and professionalism of the selection, and then shipping and handling costs.*

Certification and Prizes: *The fee supports the creation of trophy/certificates and other awards materials that recognize your achievement and can be a valuable addition to your portfolio.*

Promotion and Visibility: *Part of the fee goes into promoting the awards and the nominees, ensuring your book receives the visibility it deserves among readers and industry professionals*

Author Post-Publication Poem Queries

Author Queries After Publication

How Is the Price of My Book Determined?

The final price of your book is set by our market strategy team based on multiple practical factors, including:

-  Total number of pages
-  Cost of paper, printing, and GST
-  Cover printing (color) and lamination
-  Royalty margin for you as the author

This pricing strategy ensures:

- Your book remains competitively priced and marketable to readers
- Your royalty share is protected
- The book reflects its production value without overpricing

 We aim for a balance between value, quality, and sales potential.

How Are My Poems Protected?

We take your intellectual property and data security seriously. Here's how we protect your submissions:

- Confidentiality Agreements: Every team member signs a binding agreement to maintain the confidentiality of author content.
- Secure Submission Systems: All dashboards and backends are encrypted and monitored.
- Strict Access Control: Only designated publishing team members have access to manuscript content.

- You Retain Full Ownership: We claim no rights over your poems. You are the sole copyright holder.
- Security Audits: Our system is reviewed periodically for vulnerabilities and compliance.

✓ Your poems will never be shared, published elsewhere, or reused in any form without your explicit written consent.

Author Copies – Limited Publishing

If you've selected the Limited Publishing option (i.e., no add-on packages), here's what you receive:

- A coupon code will be issued after publication
- The coupon allows you to order one free author copy via the BookLeaf online bookstore
- This is valid only for Indian authors

! International authors are currently not eligible for a free copy

You can use the coupon to order your paperback at your convenience for gifting, marketing, or personal collection.

When Will I Receive My Author Copy Coupon Code?

- Please check the confirmation email (which says your book has been published) — it contains a link to submit your review. We kindly request you to complete the review, and once it's done, you will receive the coupon code within 10 business days.
- Once your review is submitted, your coupon code will be emailed within 10 business days

This ensures we close the loop and gather author feedback while also enabling access to your copy.

Why Did I Receive a Coupon Code Instead of a Physical Author Copy?

Due to the volume of titles we publish and frequent courier issues, physical author copy deliveries have been challenging to manage at scale.

To ensure:

- A faster and more reliable delivery experience
- A better tracking experience for you

...we've shifted to issuing coupon codes redeemable at the BookLeaf Store.

You can order your book at your preferred time and address using this code — cutting down delays and increasing flexibility.

 For authors who chose Bestseller Breakthrough Package, the coupon code will not be sent, instead we will directly ship 5 copies to their address (applicable in India).

Why Am I Being Charged Delivery Fees for My Author Copy?

The author copy is free, but the delivery charge may still apply in the following cases:

- Your address is in a remote or non-standard courier zone
- There is no free courier service available for your pincode

In these cases, a minimal shipping charge may apply — we do not profit from this fee. It is solely to cover logistics.

I Want to Order More Author Copies or Place a Bulk Order. What Should I Do?

Once your book is published and live:

- You can place a bulk order through us directly at printing cost
- Delivery and handling charges will apply

To initiate:

1. Fill this request form:

https://docs.google.com/forms/d/e/1FAIpQLSeosYqrgnuZIWjbxikzijk3-3AvRmIEFQgL821vi8sUbTXBw/viewform?usp=send_form

2. After you fill this form, we will share a custom payment link with you
3. Once paid, books will be delivered in 30–45 business days

 Note: Bulk orders are sold at cost price and do not count toward royalties or reported sales.

For a cost breakdown, use the calculator:

 <https://www.bookleafpub.in/printing-cost-royalty-calculator>

What Does “100% Royalty” Mean in the Bestseller Breakthrough Package?

When we say “**100% royalty**”, it means:

You receive **100% of the profit** from each sale — after all mandatory costs are deducted.

Here’s what is deducted **before** calculating your royalty:

- Printing and paper costs
- Platform commissions (e.g., Amazon's cut)
- Packaging and handling
- GST and transaction fees
- Discount structures and return buffers

Example:

If your book is listed at ₹150:

- Total deductions might be ₹80 (example)
- Your royalty will be calculated on the **₹70 profit**, not the ₹150 price

✅ This ensures you receive the **entire profit**, unlike standard publishing models where only a small fraction is shared.

To see how much you'll earn per copy, use the calculator:

 <https://www.bookleafpub.in/printing-cost-royalty-calculator>

I Paid for the Emily Dickinson Award — When Will I Receive It?

If you've purchased:

- The **Emily Dickinson Award**
- The **₹8899 Global Dist + Award + Copyright** bundle
- Or the **Bestseller Breakthrough Package** (which includes the award)

You **will receive a trophy and certificate** by courier.

Timeline: 45 to 60 **business days** after your final manuscript submission

You will receive an **email notification** once your award has been shipped.

Thank you for your patience — we truly value your accomplishment and are working diligently to deliver the award safely.

Can I Get a Draft Copy to Upload on KDP or Another Platform?

No, we do **not provide draft files** or source files for upload on Kindle Direct Publishing (KDP) or other platforms **using our ISBN**.

If you'd like to publish your book elsewhere, you are welcome to do so using:

- A **different ISBN**
- A version that does **not use our logo or branding**

Also note:

- The **eBook version** of your book is **exclusive to BookLeaf's bookstore**
 - Dual listing on Amazon via KDP using our ISBN is not allowed, to avoid publishing conflicts
-

Why Is My Book Showing “Out of Stock” or “Unavailable” on Amazon?

This issue may appear occasionally due to Amazon's internal system syncing delays. This is a common occurrence.

Here's what you should know:

- Your book is **still live and published** in our system
- Amazon may temporarily show “Currently Unavailable” or “Out of Stock”
- This typically resolves **within 24–48 hours**

 What you should do:

- Check the listing again after a few hours
 - If the issue persists beyond 48 hours, raise a support ticket so we can escalate it
-

Why Isn't My Book Marked as “Prime” on Amazon Yet?

As soon as your book is listed on Amazon.in, we submit a request for it to be made **Prime eligible**.

However:

- The decision and timeline is entirely controlled by **Amazon**
- Approval may take time due to their **internal review process**

We are actively monitoring your listing and will follow up as needed. Thank you for your patience while Amazon finalizes the Prime eligibility.

I Have Amazon Prime — Why Am I Still Being Charged Delivery?

Even if you're a Prime member, Amazon sometimes applies shipping fees on:

- Print-on-demand products
- Books fulfilled by third-party sellers

Since BookLeaf books are POD (print-on-demand), **Amazon handles the shipping fee directly.**

 We do not control Amazon's delivery charges and cannot remove them, even for Prime users.

Post-Publishing Changes (Add-On)

If you've purchased the **Post-Publishing Changes** service:

1. We will begin the update process within **4–5 business days** after your purchase
2. You'll receive access to the draft of your book
3. Once you make your updates, we'll re-initiate the publishing and listing process with the updated version of your book.

 Our team will guide you through the revision process and ensure your book is updated with your changes.

When and How Will I Receive My Royalty Payment?

Royalties are paid once your earnings cross a minimum threshold and are processed in a phased manner.

 - For **International authors**: \$100
-

Once Your Royalty Crosses the Threshold:

1. Please inform us via the **helpdesk** to initiate your royalty transfer.
 2. After we verify your eligibility, we'll send you a **Razorpay payout link** to your registered email address.
 3. Check both your **Inbox and Spam/Junk folders** for the email.
-

How to Claim Your Royalty:

- Click on the **payout link** in the email.
- Enter your **UPI ID or bank account details** as prompted.
- Your royalty will be transferred to you accordingly.

💡 Note: The payment can take anywhere from **1 minute to 24 hours** to reflect in your account, depending on your bank or wallet provider.

If you face any issues during this process, please reach out to our support team — we're always here to assist.

For authors enrolled in the **Bestseller Breakthrough Package**, royalties are paid **on-demand**—meaning you can request a royalty payout **anytime after your book has been live for at least 30 business days**.

This 30-day window allows for:

- Completion of **initial reporting cycles** from platforms like Amazon, Flipkart, etc.
 - **Validation of sales data**
 - Processing of any **returns or adjustments**
-

eBook & Paperback Royalty Structure

We are committed to full transparency when it comes to your royalty earnings.

Your detailed sales report (with royalty breakdowns) is available at:

 <https://ebooks.bookleafpub.com/sales-reports>

eBook Royalty:

- You receive **80% royalty** on the **net sale price** of each eBook sold through our store (unless your package includes 100% royalty).
 - This ensures that you benefit from most of the profits while keeping the book attractively priced for readers.
-

Paperback Royalty:

Paperback royalty is calculated differently and depends on the following:

- Platform discounts
- Printing cost

- GST (Goods & Services Tax)
- Packaging and handling charges
- Distribution and return expenses

Royalty Formula:

Selling Price – Printing & Market Access Charges = Your Royalty Base

Then:

- If you're on the regular publishing model: you get **80% of this amount**
- If you're on the Bestseller Breakthrough Package: you get **100% of this amount**

To calculate your royalty, you can use our Royalty Calculator here:

 <https://www.bookleafpub.in/printing-cost-royalty-calculator>

What Does “80% Royalty” Mean?

When we say “80% royalty,” it refers to **80% of the profit earned**, not 80% of the **book's listed price**.

The book's listed price includes:

- Printing cost
- Platform fees (e.g., Amazon commission)
- GST and other taxes
- Handling and packaging
- Distribution & return costs
- Platform discounts (e.g., Amazon often takes 25–50% off MRP)

Example:

If your book is listed at ₹150 on Amazon:

- ₹40 may go toward printing
- ₹45 may be deducted by Amazon (platform discount + fees + taxes)
- Remaining profit: ₹65
- You'll receive **80% of ₹65 = ₹52**

You can use our royalty calculator for an accurate estimate:

 <https://www.bookleafpub.in/printing-cost-royalty-calculator>

100 Understanding “100% Royalty” (For Bestseller Breakthrough Authors Only)

If you've purchased the **Bestseller Breakthrough Package**, you're eligible for **100% royalty**.

This means:

- You receive the **entire profit** (after deductions) from each sale.
- You still don't receive 100% of the listed price — platform costs and printing still apply.

Example:

If your book is listed at ₹150:

- Printing + taxes + fees = ₹60
- Net profit = ₹90
- You'll receive **₹90 as your royalty**

This model ensures the **entire profit margin goes to you**.

Again, use the Royalty calculator to view detailed estimations.

If a Bestseller Breakthrough Author Requests Royalty Payout

If you've opted for the **Bestseller Breakthrough Package**, you are entitled to request your royalty **any time** — there is **no minimum payout threshold**.

Simply inform us through the helpdesk whenever you wish to receive your royalty payout. We will verify and process your request accordingly.
